Re: L-00000A-06-0295-00130
Southern California Edison Company
Application for a Certificate of Environmental Compatability

Dear Docket Control:

This original letter and twenty-five copies of the letter are filed with Docket Control for Donald Gene Begalke to be an intervener in the announced June 26-27, 2006 Hearing by the Arizona Power Plant & Transmission Line Siting Committee on the Southern California Edison Company's Application for a Certificate of Environmental Compatability for a Devers-Palo Verde No.2 500kv Transmission Line Project.

My intervener's position is against the proposal because "need to use Arizona" has not been met environmentally.

Sincerely yours,

Donald G. Begalke
